Good morning, Tammy,

Thank you for sharing your perspective on this project, as well as the beautiful wildlife photos.

The rezoning request is scheduled to go before the Planning Board today, and there will be an opportunity for public comment. You can view the agenda here: [AgendaQuick™ – Agenda for Planning Board - 2:00 PM](#).

Best regards,

Shyanne Harnage, MBA, FRA-RA | Director of Community and Economic Development | City of Fort Pierce

Dear Mayor, Commissioners, Elected Officials and Planners,

My name is Tammy Everly. My address is [REDACTED] in Fort Pierce.

The North/West corner of the area currently referred to as Willow Lakes is occupied by my family, my home and my small cattle operation. As such, my concern with the proposed zoning changes to commercial and industrial are of a personal nature.

Every day I witness wildlife crossing from the Willow Lakes property to the Ten Mile Creek Water Preserve Area. This entire region is rich and diverse in flora and fauna. Deer, turkey, eagles, gopher tortoises, owls, osprey, sandhill cranes and numerous other creatures call this area home. Pictures attached showing a small sampling of the abundant wildlife at risk.

The proposed data center, the lack of specifics and the unknown resulting adverse consequences are very concerning to me as a neighbor, a land owner and a tax payer.

I encourage the Planning Board and City Commission to protect our delicate ecosystem and deny this rezoning request.

Respectfully,

Tammy Everly

[REDACTED]
